

NOURENERGY List of Power Project
(Completed Or Underway)

Contract/PO No. And Date (If available)	Client	Description of work	Completion Date
2016	SEC Yanbua	50 MW33 kV Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units	6 Months (Ongoing)
2015	JCI Riyadh	4MW, , 380V Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units	3 Month (Completed)
2014	Saudi Oger Jeddah	10MW, , 13.8 kV Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units	1 Year (Ongoing)
2014	CCCC	3MW, , 380V Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units	3 Years (Ongoing)
2013	Arrow Juice Factory	2 MW, 380V Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units	1 Year (Ongoing)
2012	SSEM RFAHA	2 MW, 380V Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units	5 Months (Completed)

NOURENERGY List of Power Project
(Completed Or Underway)

Contract/PO No. And Date (If available)	Client	Description of work	Completion Date
2012	RGTS ORANAH	4 MW, 13.8 KV Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers ,	5 Months (Ongoing)
2012	TAAQA-ZAHID Domat AlJandal	7 MW, 13.8 KV Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units	3 Months (Completed)
31142014 2011	SEC/EOA-IPP 7 Remote Hijras	28 MW, 13.8 KV Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel system.	5 Years (Ongoing)
2011	RTCC- Water Plant Hail	3.5 MW, 13.8 KV Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel system.	6 Months (Completed)

NOURENERGY List of Power Project
(Completed Or Underway)

Contract/PO No. And Date (If available)	Client	Description of work	Completion Date
21142005 2011	SEC/WOA- IPP Al-Muwaih	20 MW, 33 KV Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel system.	4 Months (Completed)
21142005 2011	SEC/COA- IPP Al-Ruwidah	20 MW, 13.8 KV Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel system.	4 Months (Completed)
31142001/01 2011	SEC/EOA- IPP Hafer Al-Batin/Qaisomah PP	20 MW, 13.8 KV Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel system.	4 Months (Completed)
31142001 2011	SEC/EOA- IPP Turaif, Owigila, Hail	67 MW, 13.8 KV Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel system.	5 Years (Ongoing)

NOURENERGY List of Power Project
(Completed Or Underway)

Contract/PO No. And Date (If available)	Client	Description of work	Completion Date
2010	Enerco Co. Hail	6 MW @ 13.8 kV in Hael. Installation, testing, protection setting, commissioning, operation and maintenance of generators and LV cables.	3 Months (Completed) 2010
2010	Saudi Diesel Co. Al-Regui	6 MW @ 13.8 kV in Al-Regui. Testing, protection setting, commissioning of generator units, transformers and MV Ring Main Units.	4 Months (Completed)
144354 2010	CWC	3 MW in Buridah-Water Pumps Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator.	12 Months (Completed)
2010	SEC/EOA- Distribution Hafer AlBatin	14x500 kVA sound proof diesel generator. Installation, testing, commissioning, operation and maintenance of generators and LV cables.	2 Months (Completed)
2010	SEC/EOA- Distribution Taparjal	20x625 kW sound proof diesel generator. Installation, testing, commissioning, operation and maintenance of generators and LV cables.	1 Month (Completed) 2010

NOURENERGY List of Power Project
(Completed Or Underway)

Contract/PO No. And Date (If available)	Client	Description of work	Completion Date
2010	Aljazeera Ambitions Factory Co.	6 MW @ 13.8 kV in 2 nd Industrial city. Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel piping system.	36 Months (Completed))
718-3-10 2010	JPC	Supply, Testing and Commissioning of Brand New Diesel Generators	Completed 2010
2010	Ministry of Water	2.5 MW in Buridah-Water Pumps Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator.	6 Months (Completed)
148012 2010	CWC	3 MW in Buridah-Water Pumps Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator.	12 Months (Completed)
2NF-00234 2010	NESMA	3 MW in Jubail Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units,	6 Months (Completed)
MDM-054-8 Dec,2009	SAMSUNG	2 MW in Ras Elzoar-Ma'aden Project	6 Months (Completed)

NOURENERGY List of Power Project
(Completed Or Underway)

Contract/PO No. And Date (If available)	Client	Description of work	Completion Date
		Installation, testing, protection setting, commissioning, maintenance of diesel powered generator.	2010
JR-RA-04-09 2009	ASAMCO	3 MW in ARAMCO-Jeddah Refinery Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units,	6 Months (Completed) 2010
2009	SAMSUNG	Supply, Testing and Commissioning of Diesel Generators	(Completed) 2010
2009	Al-Saif Company	Supply, Testing and Commissioning of 10 diesel generation units	(Completed) 2009
Feb, 2009	Ministry of Water	6 MW in Qasim treatment plant. Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel piping system.	12 Months Period (Completed)
Jan 01, 2009	Saudi Electricity Co. Turaif Power Plant	5 MW , 13.8 KV in Turaif Power Plant ; installation, testing, protection setting, commissioning, operation and maintenance of	24 Months (Completed)

NOURENERGY List of Power Project
(Completed Or Underway)

Contract/PO No. And Date (If available)	Client	Description of work	Completion Date
		diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel piping system.	
Nov 20, 2009	Saudi Electricity Co. Qurayat Power Plant	10 MW , 13.8 KV in Qurayat Power Plant ; installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel piping system.	3 Months (Completed) 2009
Nov 01, 2009	NESMA Munifa Project	3.5 MW in ARAMCO Camp Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units	10 Months (Completed) 2010
July 10, 2008	Saudi Electricity Co. Turaif Power Plant	10 MW , 13.8 KV in Turaif Power Plant ; installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel piping system.	24 Month (Completed) 2011
July 10, 2008	Saudi Electricity Co. Qurayat Power Plant	10 MW , 13.8 KV in Qurayat Power Plant ; installation, testing, protection setting, commissioning,	2 Month (Completed) 2008

NOURENERGY List of Power Project
(Completed Or Underway)

Contract/PO No. And Date (If available)	Client	Description of work	Completion Date
		operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel piping system.	
June 26, 2008	Kanoo machinery	3 MW , 13.8 KV in Turaif Power Plant ; installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel piping system.	(4 months) (Completed) 2008
May 15, 2008	Saudi Electricity Co. Qurayat Power Plant	10 MW , 13.8 KV in Qurayat Power Plant ; installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel piping system.	3 Month (Completed) 2008
May 15, 2008	ARAMCO	Generator rental, different capacities at different sites	(Completed) 2008

NOURENERGY List of Power Project
(Completed Or Underway)

Contract/PO No. And Date (If available)	Client	Description of work	Completion Date
April 10, 2008	Saudi Electricity Co. Hafer Albaten	3 MW in Hafer Albaten Area, installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units,	6 Months
April 10, 2008	Saudi Electricity Co. Qurayat Power Plant	10 MW , 13.8 KV in Qurayat Power Plant ; installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel piping system.	1 Month
March 3, 2008	Saudi Electricity Co. Tabarjal Power Plant	5 MW , 13.8 KV in Tabarjal Power Plant ; installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel piping system.	1.5 Months
Jan 8, 2008	Saudi Electricity Co. Qurayat Power Plant	10 MW , 13.8 KV in Qurayat Power Plant ; installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel piping system.	1 Month

NOURENERGY List of Power Project
(Completed Or Underway)

Contract/PO No. And Date (If available)	Client	Description of work	Completion Date
Nov 10, 2007	Saudi Electricity Co. Qurayat Power Plant	10 MW , 13.8 KV in Qurayat Power Plant ; installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel piping system.	3 Months
July 14, 2007	Consolidated Contractors Company WLL Khafji Joint Project for Saudi ARAMCO	4 MW in Khafji Facilities Camp. Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers, Main distribution panels, LV cables & Fuel piping.	24 Months Period
June 15, 2007	Ministry of Water	8 MW in Qasim treatment plant. Installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel piping system.	12 Months Period (Completed)
March 15, 2006	Consolidated Contractors Company WLL Kharsaniah Gas Plant &	24 MW in the above two projects location in Kharasaniah Power Plant ; installation, testing, protection setting, commissioning,	24 Months Period

NOURENERGY List of Power Project
(Completed Or Underway)

Contract/PO No. And Date (If available)	Client	Description of work	Completion Date
	Kharsaniah Petrochemical Facility Projects for Saudi ARAMCO.	operation and maintenance of diesel powered generator units, transformers , Main distribution panels , LV cables & Fuel piping system.	(Completed)
June 10, 2006	Consolidated Contractors Company WLL Saudi Aramco Refinery , Rabigh	10 MW in Rabigh Aramco Refinery ; installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , Main distribution panels , LV cables & Fuel piping system	18 Months Period
Purchase Order – Sep 1, 2006	Kanoo Machinery	4.5 MW , 13.8 KV in Owaigila Power Plant ; installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units, transformers , MV Ring Main Units, MV & LV cables & Fuel piping system.	6 Months
Purchase Order – October 20, 2006	Kanoo Machinery	9 MW , 13.8 KV in Turaif Power Plant ; installation, testing, protection setting, commissioning, operation and maintenance of diesel powered generator units,	6 Months
